Morocco

PROFILE

Dedicated student at 1337 School (42 Network), currently at Level 4.20. Rigorous problem solver with hands-on experience in C, C++, and System Architecture. Proven ability to learn autonomously and collaborate in peer-to-peer environments.

SELECTED PROJECTS

Codexion

Aug 2026

Technical project validated with 100% score focusing on algorithmic efficiency and code quality.

Call Me Maybe

Jul 2026

Technical project validated with 125% score focusing on algorithmic efficiency and code quality.

Fly-in

Jul 2026

Technical project validated with 125% score focusing on algorithmic efficiency and code quality.

A-Maze-ing

Mar 2026

Technical project validated with 125% score focusing on algorithmic efficiency and code quality.

Python Module 10

Mar 2026

Technical project validated with 100% score focusing on algorithmic efficiency and code quality.

EDUCATION

1337 School (42 Network)
Computer Science
2025 - Present

Level: 4.20
Campus: Khouribga

TECHNICAL SKILLS

Shell | Algorithms | Linux | C | Git

LANGUAGES
C, C++, Python, Shell

TOOLS
Git, Docker, Vim, Linux

LANGUAGES

English	Advanced
French	Intermediate
Arabic	Native

Python Module 09 Mar 2026

Technical project validated with 100% score focusing on algorithmic efficiency and code quality.
